Skill Area 8 Evaluation — Part 2 is to be completed by all classifications.

**Instructions to participant:**

Write a brief response to each question.

1. List five (5) ways a Sweet Adelines International director can communicate effectively with the chorus. (5 points possible)

1. Listen to the needs of the members.
2. Keep in contact with members about all <sup>musical</sup> programs so they are always updated.
3. Speak in positive terms and don't constantly put them down.
4. Always show respect and love for each member and don't play favorites.
5. Be available to each and every member - be approachable - accept new ideas

2. An individual member consistently makes singing errors and is upsetting to those around her. What communication skills would you utilize in handling this problem? (3 points possible)

I would speak with this member about the problem and find her help from a music staff member. I would encourage her with positive words. I would speak with the upset members and let them know that I am doing all I can to help this member improve and ask them to be supportive and helpful rather than upset.

3. As a director of a 40-voice chorus, what communication skills would you use to help an insecure assistant director become more confident? (2 points possible)

I would give her one on one instruction on areas she is not comfortable with. I would encourage her and give her lots of moral support as she learns and improves. I would let her know that I am always there to guide her if she needs help. I would find her strengths and build upon them so she can see success in herself. I would praise her in front of the chorus when she is deserving of praise.
